

Warm Market Memory Jogger

Your business starts with a contact list. **Make a list of everyone you know!** 100+ names is a great start.

DO NOT EDIT YOUR LIST!!! (Write down everyone that comes to mind)

This is just a way to get your juices flowing with potential contacts. They may all work for you, or just a few might work for you... you'll probably think of a bunch that aren't even on the list. Successful representatives constantly update their list because they're constantly meeting people.

Look for such qualities as integrity, accountability, leadership skills, a positive and ambitious attitude, the will to learn and develop, and above all the desire to help others succeed and to fulfill their own dreams and aspirations. Think about those who you admire, people like you and who have the potential to be at the top with you. It is important to leave your comfort-zone and list those who you may be even nervous to invite - Remember you can never know who is going to join your team, list everyone you know and everyone you know of. Do not pre-judge anyone!!!
